BE

Hello:

I wanted to take this opportunity to reach out to you all, regarding my families concern about the future of Two Day Town. A dear friend of ours is the Mayor of TDT and many years ago he invited us to attend this family music festival. As April approaches our excitement level goes up as we prepare for a weekend of music, arts, family and new friendships. The volunteers who put this special event on, found this beautiful setting in Livermore's Del Valle Regional Park. Rain or shine it's a jewel. A jewel that the volunteers and the festival goer's continue to treat it with the mature respect we have for the area and the families who attend. My children who were young kids attending the festival and benefiting from the arts and crafts, were actually beneficiaries of how a person conducts themselves. How we are inclusive, no negative behavior, and make certain to leave our campground area in the pristine condition we were provided. Now I have two grandkids, who are experiencing the nature hikes, the crafts and dancing to the music. So many of the attendees are also musicians. One of the highlights is to find a group of musicians young and old, after 10:00 and sing around the campfires. It's a very, very special time and place. It's a wonderful memory that we hold onto and look forward to.

Thanks for your consideration and understanding of what a very special event and venue we all share. See you in April!
