To Whom it May Concern,

I understand that Parks Department is currently discussing the future of Two Day Town. I wanted to send you all a note to express what this family festival has meant to me and my family over the years.

I have been attending Two Day Town since the beginning. I'm closely connected to the Benney family and the festival has always been a family affair for me. It is so important to me that in my 20s while living in NYC I used to fly back to attend.

I also met my husband at Two Day Town and 2023 will mark our 10 year anniversary of meeting. We have been fortunate enough to have two small children and were able to bring them both to their first festival this year. Our children were thrilled to play and create in the children's area, and both loved enjoying one of their first live music experiences.

I would love to be able to continue this tradition with my children, and to celebrate our anniversary!

Thank you for your time and consideration,
Dawn Dunlop
