Dear EBRPD,

I am writing to support the Two Day Town (TDT) music festival held at Lake Del Valle.

Please make every effort to keep this wonderful festival alive and prospering. TDT means a great deal to the local and regional music community and to myself. It provides outstanding opportunities to congregate with friends and promote performance opportunities for regional musicians.

Please work to create workable compromises that will allow TDT to continue.

Best regards,

*Grace*
