To east bay parks personal,

My family and I have been joining many of our friends and hundreds of other family's to the Two Day Town music festival for 13 years! It is one of our must go to events that we have never missed since our first one. This event has allowed us to take many, many early morning hikes around the hills of the lake that we probably would have never done without the music festival. We now have biked, hiked and camped at the lake because of it! I know many other people that have done the same thing. The event has always been a place where we feel safe, relaxed and at home! Our kids and I play instruments and have made many friends just playing and learning together into the night. It would be a terrible loss to not have this one time a year event. I hope everything can be resolved as there is no place I know of where this type of event occurs! If we do continue on, please come with your family and join our community for a great, fun and relaxed time!! Thank you all very much for your time and consideration for this awesome event!
