Dear EBRP Folks,

Two Day Town has been such a positive force in introducing me to the wonderful Regional Park at Del Valle, encouraging me to camp and hike, learn about the natural history and enjoy the lake... all goals which overlap with the Park District's. Surely your differences can be resolved amicably.

Two Day Town organizers have always emphasized respect for the area and Leave No Trace practices. Volunteers have worked hard to create a welcoming, inclusive family atmosphere. The Park District's objections are hard to fathom. Please don't be a grinch for no good reason.

Sincerely,  
Sandy Pearson

PS Hi James, good luck to us...
