TH

Hello Members of the EBRPD.

I just wanted to let you know that Two Day Town has been a very special part of my life since I was 18 years old. There have only been a few years that it has taken place that I have not attended due to extenuating circumstances. I am now 40 years old and take my son with me who is now 8. It is a beautiful use of our parks that bring together a kind and caring community of music and nature lovers. I beg you to do everything in your power to ensure it continues. It is now a yearly chance for me to teach my son about what it means to be and feel a part of a community that looks out for one another. That cares about the beautiful place that is Lake Del Valle. Their motto of leave no trace is a very important value I am trying to teach my son about. Every year I see so many people giving so much of themselves in an effort to have a wonderful event and leave the park in great shape when we leave. While the stage production and music that goes on during the day and evening is fantastic. The real magic happens after that, as friends and families gather around their camp sites. If you have the opportunity to come see this and join in I can't recommend it enough. Musicians and non musicians alike come together and sing songs, share stories, and create lifelong memories. It is something I have cherished for over half my life. It is something I want my son to grow up experiencing. Please keep Two Day Town at Lake Del Valle and supported by the EBRPD.

Thank you for your time.
