

## **The Two Day Town Site**

Two Day Town 2024 will be at Rancho Los Mochos, a Boy Scout Camp on Mines Road in Livermore, ½ hour from Lake Del Valle. Two Day Town will transform the site into a music venue and campground.

### **Driving Directions**

- Take I-580 to Livermore, exit at North Livermore Ave. and go South.
- Follow North Livermore Ave. through central Livermore and out the south side of town.
- North Livermore Ave. changes to South Livermore Ave, then becomes Tesla Rd. South of town.
- Follow Tesla Rd. for about 1/2 mile.
- Turn right (South) on Mines Rd. and Stat on Mines Road to the 14.95 mile road marker

### **Driving Notes**

Through traffic (you) on Livermore Ave. has to be in the left lane after the downtown rail underpass. Right (wrong!) lane traffic must turn right. That's about a mile from I-580 as you approach downtown where the road dips under the rails.

**Mines Road is very narrow and winding. Take your time.**

### **Camping & Picnic Areas**

Tent camping is allowed in most areas within the limits of Two Day Town.

Our first year there we'll be sorting it all out.

Some guests like to be close by the stage area, while others prefer more solitude away from the live amplified music. All space is first-come, first-served, but there is plenty of room for everyone.

### **RV Camping**

All RV sites are by reservation only.

Cars are not permitted in the RV lot and tow vehicles must be removed from the RV lot promptly to allow all reserved campers access to their site. There are no on-site facilities for water filling or waste dumping within Rancho Los Mochos. Please assure that your batteries are at full charge before you arrive, because generator use is not allowed.

## **Car Parking**

Cars can be parked near your camp all through the facility.

Our Parking Volunteers will direct you to useable areas.

## **Restrooms & Showers**

There are hot showers available in the center area and Porta Potties will be spread around as needed and pumped out daily.

## **On-Site Facilities & Other Stuff**

Your cell phone will probably not have service at Two Day Town

The nearest grocery store is nowhere near Two Day Town. Plan ahead, bring everything you need for the weekend, and sit tight. Remember to pack for a no-impact visit, and expect to take home everything you came with that you didn't eat or drink. The less disposable stuff you bring the less you have to take home.

You are expected to be responsible for your own waste stream so leave the disposable items at home and you will have less trash to deal with. We go beyond low impact, striving for NO impact, and because of this the area is cleaner when we leave than when we arrive. Think reduce, reuse, recycle. It does a planet good, and we only get one.

## **Fire Pits**

There are numerous fire pits already there and we will provide a cord to get started.

Small commercial grade fire pits are allowed but you will need to dispose of your ashes in an existing permanent pit.

Any fire must be constantly attended with a small fire extinguisher handy nearby.
